Attachments: AltEn Land Application information

Hi Meredith – I believe all of the available data can be found at the website below. It's a lot of info. If you scroll down the center you will see titles for sampling data from 2019. I don't believe that is anything you don't already have. For context, some of the sections labeled "internal" and "site visits" from this past year include photos at the back of the reports you may find interesting. To facilitate the search populate the date fields and use the NDEE facility number for the facility # 84069. The next 2 blanks don't need to be filled in. I just searched from January 1 of 2019 to present.

<https://ecmp.nebraska.gov/publicaccess/viewer.aspx?&MyQueryID=340>

I've also included an e-mail with the application for land application and associated info. they provided to support the request.

The letter can be directed to Kara Valentine, Deputy Director of Air, Land, and Energy; Nebraska Department of Environment and Energy; PO Box 98922;
1200 N St., Suite 400; Lincoln, NE 68509-8922

If you copy me with an e-copy I will also forward via e-mail.

Thanks so much for all your help Meredith!

Hi Jamie –

Mike asked if there was any additional analysis done, do you know? He wants me to cite the analysis we have, I think it was from a North Dakota lab, since I listed some of the chemical classes.

I also had to send the letter to OGC.

Meredith

Subject: draft letter

Hi Jamie – here's the draft letter. I sent it to Mike.

Ex. 5 Deliberative Process (DP)

Have a nice evening!

Meredith
